

COMMERCIAL VEHICLES

PEUGEOT

MILES AHEAD OF THE REST.

When you own a business with multiple demands, you require a commercial vehicle that can keep up with your needs. You want a safe, reliable, durable workhorse, like a Peugeot. Considering we introduced our first commercial vehicle, the Type 13, in 1895, it would be fair to say we have considerable experience in producing vehicles that make businesses more productive.

DIESEL EVOLUTION VS. GREEN REVOLUTION.

The more fuel-efficient an engine, the better it is for your bottom line and for the planet. That's why we offer a range of commercial vehicles with efficient, low emission diesel engines. Our engineers have achieved unprecedented performance levels in terms of driveability and the environmental footprint.

SPOILT FOR CHOICE.

In order to provide you with the perfect fit for your business, we offer a range of commercial vehicles to match your needs, with the compact Partner and the sizeable Boxer. Our vehicles are also customisable, so you can adapt them to provide the correct functionality, regardless of the industry you operate in.

PARTNER

THE PERFECT BUSINESS PARTNER. It only takes one look to see what the new Partner is all about. Its appearance conveys a message of strength and power, whilst still incorporating practicality and manoeuvrability. With a payload of 850 kg, and volume capacity of 3.7m³, the Partner's loading capacity is among the best in its class.

Its high bumper, side sliding door, large exterior side mirrors and protective side trim are just some of the features that elevate the "perfect partner" status of this vehicle. The windscreen is heat reflective and has generous dimensions, while the smooth glass headlights clearly identify the Partner as a member of the Peugeot pride.

Engineers aimed at creating an interior environment that is well suited for day-to-day use through the ergonomics of the dashboard, instruments and the centre console, as well as numerous storage compartments, perfect for housing anything from cell phones to A4 notepads. With its height and depth-adjustable steering wheel, power steering, electric front windows, as well as ample levels of comfort, the Partner may look like a panel van, but it feels like a passenger vehicle.

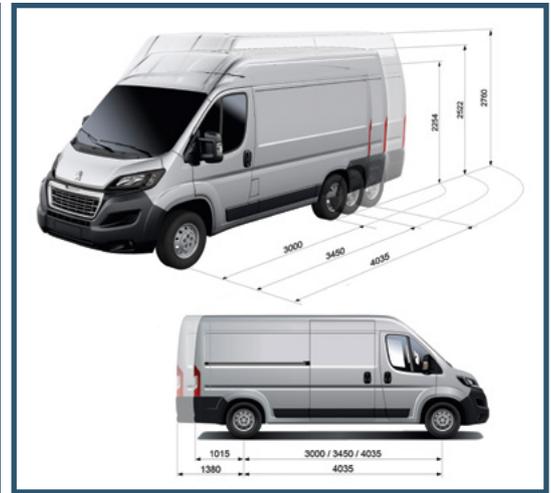

BOXER

THE PERFECT FIT FOR ANY BUSINESS. To maximise your load space, we haven't wasted a single cubic centimetre. The wheel arch, for example, is as small as possible and its clearance has been optimised to give you the largest, effective load width (a width of 1.422 m at the wheel arch for a maximum interior width of 1.87 m). The Boxer can be converted into a 19 seater taxi, an ambulance, a chassis cab or simply remain a panel van, depending on what suits your needs.

THIS BOXER MEANS BUSINESS. Being a Peugeot, the Boxer is capable of pulling weight. The pseudo McPherson-type wish-bone front suspension, with anti-roll bar, offers real stability, excellent road-holding and exceptional driveability. What's more, the rigid tube rear suspension means it's possible to offset the wheel axis, enabling the rear sill to be lowered for easier loading, while the longitudinal single-blade mechanical suspension offers a quieter, more comfortable ride.

The Common Rail injection system is featured on every Boxer HDi engine for cleaner, more efficient motoring. By injecting fuel at high pressure directly into the combustion chamber, this system reduces fuel consumption and emissions while providing extra power.

The Boxer offers a wide range of active safety features including ABS with EBD, ESP with Load Adaptive Control, Power Steering, Hill Assist and Driver Airbag, enabling you to react as effectively as possible in even the most difficult of situations.*

CUSTOMER PROMISE

PEUGEOT PEACE OF MIND. Peugeot vehicles are designed and manufactured to give you worry-free motoring and peace of mind. As a Peugeot owner, you are entitled to a comprehensive range of customer care services from your Peugeot Dealer who has the expertise to maintain your Peugeot at its peak performance.

PEUGEOT WARRANTIES. 3 Year / 100 000 km Factory Warranty on all vehicles first registered in South Africa and purchased from a Peugeot Dealer.

To give you, our customer, peace of mind, the Partner comes standard with a 4 year/60 000 km Service Plan and the Boxer a 5 year/100 000 km Service Plan.

5 YEAR ANTI-PERFORATION AND THREE YEAR PAINT WARRANTY. This added extra is automatically transferable on sale of the vehicle, which will maintain and enhance the resale value of your vehicle.

PEUGEOT ASSISTANCE. For the warranty period, you will automatically receive Peugeot Assistance cover for complete peace of mind. It includes roadside assistance, vehicle recovery, a free 24 hour vehicle hire or hotel accommodation.** Peugeot Assistance is available within the borders of South Africa, Namibia, Botswana and Swaziland. Your local Peugeot Dealer has full details of terms and conditions.

PEUGEOT SERVICE CARE. Peugeot has passed on the benefits of technology in engine design and lubrication. You also have to take it for a check-up at 2500 km to ensure everything is in order and to activate the warranty.

CALL CENTRE. To make sure we meet and exceed your service expectations, please contact the Peugeot Call Centre on: 0860 738 472.
